Below, you have been provided with a chart for you to fill out a detailed summary of your entire education. This summary **MUST** include: the full name and address of the institutions attended, the period of attendance, the degree/certificate/diploma conferred, if applicable.

Financial Aid/Scholarship Information

Most of our students have received some form of financial assistance. Please read the following few lines carefully to find out if you would qualify for scholarship or financial assistance.

For entering undergraduate freshman there are few ways to go about it. First, we recommend students to take SAT exam. The higher the scores the higher the chance of receiving a Presidential award, which pays for all your tuition for the first year. For the entering Graduate students, we recommend students to take GMAT or GRE. The higher the grades the higher the chances of being awarded Graduate Assistance, which pays for all your tuition and a monthly salary on a 10 – 20 hours work composite.

Other scholarships are awarded automatically based on the academic performance and class rank.

Finally, at PNL we recommend that, applicants who are talented in sports and athletics to provide certificates, awards, personal letter stating their goals and talents, letters of recommendations from the coaches and any other relevant information that would justify how good they are in the respective sports.

With the above information, the PNL representatives abroad will be able to find scholarships, grants, loans or any other financial assistance. Please be aware that there is no guarantee for the above awards!
